

MILVIAN NIGHT

FRANCESCO LUCCHESI

MisuraEmme[®]

The **Milvian** set for the sleeping area, which consists of bedside tables in two different sizes and a dresser, boasts sublime features with a sophisticated style. An original fusion of exclusive designs and exquisite construction details, the structure which comes in oak is framed by shaped shoulders that continue down to the ground, transforming into graceful feet. The aesthetic, which is enhanced by the fine wooden top available in numerous finishes, does not undermine its functionality: the version with a drawer and compartment resembles the version with the fixed front, which is perfect for two-sided use. A tasteful balance and a coordinated bond for the sleeping area.

DESIGNER

FRANCESCO LUCCHESI

Lucchesedesign is a multidisciplinary team made up of architects and designers with different cultural backgrounds. Francesco Lucchese is the founder and team leader and has more than twenty year's experience in the field of architecture, design and consultancy. Lucchesedesign studio operates all over the world with different levels of projects Depending on the client's request, showing a great capacity to adapt to different contexts and offering a wide approach and a 360° perspective of the services. The opening of the new headquarters in Nanjing in China makes the structure competitive for working in the Asian market from a logistical point of view and provides customers with a close assistance while ensuring a direct presence in the territory. Lucchesedesign coordinates projects of company placement and brand identity focusing the attention on graphic design and organizing exhibitions and events. Architecture projects take place across Italy and abroad and are focused on hotels, showrooms and public spaces. There are plenty of projects aimed to exclusive private residences. Meanwhile Francesco Lucchese proceeds his teaching activity for **Politecnico di Milano**, at Faculty of Design, with many partecipations in workshops and conferences as a speaker in foreign countries like Switzerland, Russia and China. He is also member of the steering committee of the Italian Design Association **ADI**.
